WORK EXPERIENCE

Global Experience Center <i>Program Coordinator</i>	Seoul, South Korea Mar 2021 - Mar 2023
---	---

- Developed and implemented English language programs in collaboration with elementary schools within Seongdong district, resulting in an increase in English language proficiency among students.
- Communicated effectively with the experience center team and district office to secure budget allocation and necessary materials for English programs, ensuring smooth program implementation.
- Led informative workshops for parents on the benefits of learning English, increasing parental involvement and fostering a supportive learning environment at home.
- Coordinated and executed the annual district children's day event, attracting over 1000 visitors and increasing participation by 32% compared to the previous year.
- Developed and executed targeted marketing campaigns to promote new English programs, resulting in a 60% increase in participant enrolment.

Daegu Daebong Elementary School <i>Native English Teacher</i>	Daegu, South Korea Feb 2020 - Feb 2021
---	---

- Utilised interactive teaching methods, such as role-playing and group discussions, to foster a dynamic and immersive learning environment, leading to an increased improvement in students' participation rates.
- Conducted regular assessments and provided personalised feedback to students on their language proficiency, resulting in an increase in students' overall grades.
- Created interactive online lessons for students during remote learning period, resulting in an increased engagement rate and improved student understanding of the material.

iTutorGroup <i>ESL Teacher</i>	Gravesend, England Oct 2019 - Feb 2020
--	---

- Taught conversational English to a diverse range of students aged 3-70, implementing engaging activities and exercises to improve their speaking skills.
- Led thought-provoking group discussions on cultural topics, encouraging students to share their perspectives and deepen their understanding of different societies.
- Evaluated students' progress after every lesson through comprehensive assessments, providing individualised feedback that targeted specific areas for improvement and celebrated their achievements.
